### Job Title: Software Quality Assurance Engineer

Company Name: Innospace Infotech Ltd.

Share   

#### About the job

#### About Us:

At Innospace Infotech Ltd., we are a forward-thinking startup with a relentless passion for innovation and digital transformation. Our mission is to craft cutting-edge technologies that tackle real-world challenges and create tangible value for our clients. With a culture rooted in inclusivity and creativity, we leverage diverse perspectives to drive excellence in all we do.

#### Job Context:

We are seeking a dedicated and detail-oriented **Quality Assurance Engineer** to join our team. In this role, you will ensure the delivery of high-quality software solutions through meticulous testing and collaboration with cross-functional teams. This position offers an opportunity to work with a dynamic team in a fast-paced, innovative environment.

#### Responsibilities:

- Design, develop, and execute comprehensive test plans for software applications.
- Conduct both manual and automated testing to identify and resolve issues.
- Collaborate with developers, product managers, and other stakeholders to maintain product quality.
- Document and track software defects with precision and ensure timely resolution.
- Continuously enhance QA processes to align with best practices.

#### Job Requirements:

#### Qualifications:

- Bachelor's degree in Computer Science, Engineering, or a related field.
- 2-4 years of hands-on experience in Quality Assurance.
- Strong expertise in manual and automated testing.
- Familiarity with Agile methodologies.
- Proficient in Agile methodologies and collaborative workflows.
- Exceptional communication and problem-solving skills.

#### Additional Requirements:

- A passion for delivering high-quality software.

**Benefits:**

- This clearly conveys that the salary is flexible and can be discussed based on the candidate's experience and qualifications.
- Two days weekend.
- Immerse yourself in a culture of innovation and a nurturing work environment.
- Lunch is fully subsidized.
- Annual performance-based increment.
- Room for prayer and games.
- Gender-inclusive environment.

**How to Apply:**

Send your updated resume to [recruitment@innospace.tech](mailto:recruitment@innospace.tech). Please mention “**Application for Quality Assurance Engineer**” in the subject line.

**Application Deadline:** Apply now! We will review applications on a first-come, first-served basis. Don't miss the chance to join our innovative and dynamic team!
