Company Name: Radley Yeldar

Share

#### Description

We have an exciting new opening available for a Manual QA.

The Client: Various

Opportunity: We are looking for a Manual QA to be responsible for QA across several client sites.

Timings: Start ASAP for a month.

#### Requirements

Essential skills for this role include:

- 2+ years as a QA (agency experience required)
- Good knowledge of QA & QA processes
- Ability to communicate with colleagues to help understand requirements and formulate them into acceptance criteria.
- Ability to know how to test across multiple devices and platforms, including a working knowledge of BrowserStack.

#### Desirable skills for this role:

- An understanding of Umbraco, Jira, and Azure

#### Examples of specific tasks:

- Facilitate requirements into acceptance criteria
- Manual testing across multiple devices and platforms

#### About You:

- Calm, Motivated, organized and methodical

You will be reporting to RY's Head of QA and work in close collaboration with developers, creatives, and project management.

More project-specific details can be provided after an NDA has been signed and return should both parties agree to proceed.
