Job Title: Middle Manual QA Engineer

Company Name: MMDSmart

Share

Description

- Would you like to build a career in a leading multinational IT company?
- We are looking for a Middle Manual QA Engineer to join our team.
- Since 2007, MMDSmart has been a leading supplier in cloud communications, delivering game-changing IT products to businesses in over 100 countries.
- Our success is fueled by the inspiration and innovative ideas of our team members, encouraging their growth and impacting our Messaging and Voice solutions.
- Don't miss this chance to excel in a rapidly expanding tech company, where your potential and ambitions are not just recognized, but celebrated.

Requirements

- 2+ years of experience in software testing.
- Strong theoretical knowledge base in software testing.
- Knowledge of SDLC, test design techniques, and test documentation.
- Understanding the test pyramid.
- Experience with REST API (Postman, Swagger etc.).
- Understanding CI/CD processes.
- Experience with GIT.
- Nice to have: Experience with Python/JS, Experience in automation testing, Knowledge of Scrum methodology.

Benefits

- Your Wellness: Access to mental health programs, comprehensive medical insurance, and a sports card*.
- Your Happiness: Enjoy the company of cool teammates, a friendly atmosphere, a strong mentorship, and a variety of bonuses & corporate gifts.

- Your Career: Focus on your professional development in a supportive environment.
- Work-Life Balance: Choose your working format - remote, office-based, or hybrid and engage in team-building activities.
- Equal-Opportunity Employment: We are an equal-opportunity employer committed to creating a diverse and inclusive work environment. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, gender identity or expression, sexual orientation, national origin, genetics, disability, age, or veteran status.
- Medical Insurance and sports card perks are available for employees located in Bulgaria.
