About Automation Solutionz and ZeuZ

We are a fast-growing, quality assurance-centric software and services company with offices in Canada and Bangladesh. We believe in the transformative power of automation to eliminate defects and improve user experience. We are a trusted partner for many small and large enterprises, including BlackBerry, goeasy, Texada, TaxCalc, and many others.

Our flagship product ZeuZ is a state-of-the-art, robust, easy-to-use, yet affordable framework to test cross-platform applications, including web, desktop, mobile, APIs, and cloud apps. Zeuz integrates with 50+ test automation tools including Selenium, Appium, image comparison tools, and voice recognition tools.

At Automation Solutionz, we live by our core values: Commitment to Clients, Accountability, Continuous Improvement, Passion, and Fun! If these values resonate with you, we want to hear from you.
