Company Name: Magic Media

Share

Description

- Magic Media is a pioneering media, entertainment, and tech group powered by creativity and innovation.
- We are looking for a Game Penetration Tester to join our team.
- The ideal candidate will have extensive full-time penetration testing experience in games.
- As a hands-on penetration tester, you will work together with the team securing world-class gaming titles.
- Your primary goal is to find vulnerabilities in game titles using our proprietary tooling.
- Collaborate with several team members at the same time. • Test mobile, PC, and console games for security vulnerabilities.
- professionally report findings.
- Work with custom Python and C++ tooling.

Requirements

- Expert knowledge of different vulnerabilities.
- Expertise in finding and exploiting vulnerabilities.
- Experience in pen-testing of mobile applications and thick clients.
- Great understanding and experience in Python and C++.
- Strong knowledge of serialization and cryptographic algorithms.
- Capable of mentoring, from juniors to seniors.
- Excellent communication skills.
- Flexibility and ability to adapt to new technological changes as per project needs.
- 5+ years of experience in penetration testing.
- A passion for video games.

engines. • Solid technical foundation (e.g. Computer Science / Maths Degree or equivalent).

Benefits

- Permanently remote position.
- An opportunity to hone and improve your skills by applying them to a diverse variety of engaging projects.
- Be part of an international group with offices worldwide.
- Career growth and development.
- Working closely with a team of like-minded people in a fast-paced, multicultural environment.
- Ongoing training and professional self-improvement opportunities.
- Flexible working hours.
- An inclusive culture and open communication.
