**Job Title: Quality Assurance Engineer**

**Company Name: NetBrain Technologies Inc.**

Share

### About the job

Founded in 2004, NetBrain is the leader in no-code network automation. Its ground-breaking Next-Gen platform provides IT operations teams with the ability to scale their hybrid multi-cloud connected networks by automating the processes associated with Diagnostic Troubleshooting, Outage Prevention, and Protected Change Management. Today, over 2,500 of the world's largest enterprises and managed services providers leverage NetBrain's platform.

### What We Need

We need someone who is a fluent speaker of both English and Mandarin with a passion for technology. In this role, you will have the opportunity to make an impact on our industry-leading product in preventative network automation through various tests, and you'll gain a deeper understanding of Network Automation use cases and innovations as this segment continues its rapid growth across global enterprises.

### What You'll Do

- You will maintain existing test environments. This will include upgrades and the application of new patches.
- Execute existing test cases and supplement automation test cases.
- Review and understand requirement documentation and test point creation.
- Administer product function tests, performance tests and stability tests.
- Research on new technology such as AI.

### Who You Are

- You have a Master's degree with a concentration in Computer Science or engineering
- Hungry to learn and a motivated self-starter
- Intellectually curious with keen logical thinking/processing ability
- Good communication skills

At NetBrain, we value innovation, collaboration, and customer-focus and we can only live those values through a culture that encourages diversity, equity, inclusion and belonging. It is our mission to hire great people regardless of skin color, gender identity, gender expression, religion, age, disability, marital status, veteran status, national origin, or any other consideration made unlawful by applicable laws. NetBrain is proud to be an Equal Opportunity Employer. We hope that you will apply to a job here that excites you no matter how you identify.

NetBrain invites all interested and qualified candidates to apply for employment opportunities. If you have a disability that prevents or limits your ability to use or access the site, or if you require any other accommodation in the application process due to a disability, you may request a reasonable accommodation. To make a request, please contact our People Team at: [people@netbraintech.com](mailto:people@netbraintech.com) and we will be happy to assist you.

FOR OUR UNITED STATES JOBS: In compliance with applicable laws, NetBrain conducts holistic, individual background reviews in support of all hiring decisions.
