Job Title: Senior Automation QA Engineer

Company Name: Mindera

Share   

Description

At Mindera, we are a team of passionate software engineers dedicated to delivering high-quality, scalable solutions.

We seek experienced software professionals with strong technical expertise and excellent communication skills to join our team. In this role, you will collaborate closely with cross-functional teams to ensure the delivery of high-quality software solutions.

The ideal candidate should have a strong programming background, a good understanding of agile methodologies, and a DevOps mindset. You should be comfortable writing automation tests, building and maintaining CI/CD pipelines, and working on production systems.

Your ability to explain technical concepts at the appropriate level of detail to technical and non-technical stakeholders will be critical to your success in this role.

Expected traveling time (UK and USA): 0%-15%, varies according to project/client. You will be working with teams across different time zones and locations.

Requirements:

- Proficiency in Java and JavaScript
- Strong experience with Playwright
- Expertise in CI/CD tools: GitHub, GitLab, Jenkins, Docker
- Familiarity with testing methodologies: BDD, Performance Testing
- Proven track record of balancing technical priorities with business needs.
- Passion for continuous learning and keeping up with industry trends.
- Excellent communication and problem-solving abilities.
- Fluent in English

Responsibilities:

- Ensure software quality through test automation, performance optimization, and secure coding practices.
- Build and manage CI/CD pipelines using modern tools like Jenkins, Azure, and Docker.

Benefits

The Things We Care About:

- Health Insurance, because health comes first
- Flexible working hours
- Open holidays, take the time you need for yourself
- Profit distribution for everyone
- Mindera Annual Trip, Sports, and sharing groups to connect and have fun!
- Training & conferences, create your training plan
- Child Care vouchers

Other Good Things:

- Choose the Laptop & Peripherals that best suit your needs
- Hotspot with unlimited usage (PT), for work or Netflix ;)
- We have amazing offices in Porto, Aveiro, and Coimbra if you want to physically connect with minders. Remote is also an option.
- At the offices, we have a wide range of snacks to keep you fed and healthy
- Partnerships with local businesses

Most of all You get to work with a bunch of great people, where the whole team owns the project together in a politics-free environment. Our culture reflects our lean and self-organization attitude. We encourage our colleagues to take risks, make decisions, work collaboratively and talk to everyone to enhance communication. Freedom and Responsibility go hand in hand, and we value commitment, feedback, and empathy.

About Mindera

At Mindera we use technology to build products we are proud of, with people we love.

Software Engineering Applications, including Web and Mobile, are at the core of what we do at Mindera.

We partner with our clients, to understand their products and deliver high-performance, resilient and scalable software systems that create an impact in their users and businesses across the world.

You get to work with a bunch of great people, and the whole team owns the project together.

Our culture reflects our lean and self-management attitude. We encourage our colleagues to take risks, make decisions, work collaboratively, and talk to everyone to enhance communication.
