Job Title: Lead Consultant - Automation

Company Name: Genpact

Share

Genpact (NYSE: G) is a global professional services and solutions firm delivering outcomes that shape the future. Our 125,000+ people across 30+ countries are driven by our innate curiosity, entrepreneurial agility, and desire to create lasting value for clients. Powered by our purpose - the relentless pursuit of a world that works better for people - we serve and transform leading enterprises, including the Fortune Global 500, with our deep business and industry knowledge, digital operations services, and expertise in data, technology, and AI.

We are looking for a skilled Senior QA Engineer with expertise in test automation, API testing, BDD & Playwright, data quality assurance to join our agile team. You will play a key role in designing, developing, and executing automation tests, ensuring the quality and integrity of the data, and working in BDD environment to design and execute test cases.

Responsibilities

- Experience in Software Testing of Web , API and Desktop applications
- Experience in Test Automation tools like Selenium, Playwright
- Experience with new QA technology and trends including BDD, TDD, RPA, and model-based testing
- Experience with Cucumber BDD, Selenium web driver, Playwright, Eclipse IDE/IntelliJ IDE, TestNG , Maven, GitHub and Jenkins
- Experience in Java, Javascript and SQL skills
- Dev/Sec/Ops experience
- Experience in the Specialty Pharmacy domain
- Strong experience working with Rally or other Agile Software Development tools

Minimum Qualifications

- § Bachelors or master's degree in computer science, Information Technology, or a related field.
- § Proven experience in API testing and automation using tools like Karate, postman or similar.
- § Strong programming skills for test automation using Playwright
- § Expertise in BDD test case design and tools like Cucumber, Behave or similar.
- § Solid understanding of data quality testing principles and practices.
- § Hands on experience in an agile development environment.

- § Effective communication and interpersonal skills, with the ability to collaborate effectively with cross-functional teams and stakeholders.
- § Prior experience in a consulting role or client-facing environment is highly desirable.
- § Relevant certifications such as Microsoft Certified: Data Analyst Associate or equivalent are a plus.

Genpact is an Equal Opportunity Employer and considers applicants for all positions without regard to race, color, religion or belief, sex, age, national origin, citizenship status, marital status, military/veteran status, genetic information, sexual orientation, gender identity, physical or mental disability or any other characteristic protected by applicable laws. Genpact is committed to creating a dynamic work environment that values diversity and inclusion, respect and integrity, customer focus, and innovation.
