

## ← Job Details

**Job Title: Quality Assurance Engineer (Automation)** 

**Company Name: iFarmer** 

iFarmer is an award-winning agri-fintech business focusing on innovative financial services for smallholder farmers. iFarmer uses agriculture expertise, agronomic machine learning, remote sensing, and mobile phones to deliver financing, high-quality agriculture inputs, optimized farm advice, and creates access to markets that can improve profitability for millions of farmers. We are on a mission to "Democratize Agriculture financing and Supply chain". iFarmer works closely with multiple stakeholders across the agriculture value chain. We are supported by organizations such as UNCDF, UNESCAP, Asia Accelerator, Falcon Ventures, Startup Bangladesh, UNDP Youth CoLab, Acumen, and more.

Job Responsibilities

### **Job Overview**

We are looking for a proactive QA Engineer (Automation) with the maturity to handle full sprint planning, work beyond assigned tasks, and tackle complex challenges under tight deadlines. This role involves designing and executing automated test scripts to ensure the quality and reliability of our applications.

### Key Responsibilities

- Develop and execute test cases for web and mobile applications, ensuring functional and regression coverage.
- Build and maintain automation frameworks using Playwright, Selenium, Cypress, or similar tools.
- Conduct UI, API (Postman, SoapUI), and basic performance testing (JMeter).
- Identify, document, and track defects in JIRA while collaborating closely with developers.
- Participate in Agile ceremonies, contributing to sprint planning and quality strategies.
- Enhance QA processes, introduce best practices, and explore emerging automation tools.
- Work independently in a fast-paced environment, ensuring timely defect resolution and seamless releases.

### Requirements

- Bachelor's degree in Computer Science, Engineering, or equivalent experience.
- 2-4 years in software testing with expertise in manual and automation testing.

Experience handling multiple priorities while maintaining high-quality standards.

### Other Benefits

- · Salary Review: Yearly
- Festival Bonus: 2
- Group Insurance
- Medical Benefits
- Weekly Holidays: 2 (Friday & Saturday)
- Subsidized snacks and unlimited tea/coffee
