📱 MOBILE APP TESTING

Nine unique Test Scenario in a mobile application

👤 Wasif Zaman   📅 06 Mar 2024   👍 2   👁 289   💬 1

Share   f   in   X

1.   **App Permission:**
Step 1: Install app
Step 2: Do not open app
Step 3: Go to app info
Step 4: Give all permission before opening the app
Step 5: Open app

• Rapidly rotate the device between portrait and landscape modes while using the app

3. **Network Speed Variation:**

    • Changing network speeds from fast to slow

4. **External Storage Removal:**

    • If the app uses external storage (SD card), test what happens when the storage is removed while app is running

5. **Font Size:**

    • Change the system font size while using the app

6. **Background Music and Media:**

    • Play background music or media while using the app

7. **Low Storage Conditions:**

    • Fill up the device's storage to check low storage conditions

8. **Interrupted Gameplay:**

    • Receive phone calls, notifications, etc. while using the app

9. **Game-Play Session:**

    • Replay as quickly as possible while playing the game and check score session time

`unique scenario`   `mobile app`   `test`   `qa`
